

...october 9, 1990...

a beetle drive –
a beetle drive –
come one come all –
insects alive!

pens crawl paper –
throw the dice –
draw heads and bodies –
legs and eyes –
tails – antennae –
be the first
to make the beetle
parts unite –

six for bodies –
five for heads –
four for eyes –
antennae three –
two for legs
and one – a tail –
come one come all –
now let's begin!

a beetle drive –
a beetle drive –
the dice alive!
throw and throw
and throw again –
at last a six –
the body drawn –
a leg – a tail –
and there's the head –

again again –
a leg – a leg –
an eye – a leg –
antennae raised –
another eye –
another leg –
again again –
throw faster – faster –
another leg!
the beetle master!
