

...april 12, 1993...

*i've slept the cliffs of the algarve
and wandered white rock's stones –
i've touched the giza pyramids
i've swum past red sea sands –*

*i've travelled jeddah to taif
to search forgotten hills –
then climbed the streets of amsterdam
to follow berlin's walls –*

*i've watch port moresby's crowding streets
and ridden sydney's trams –
i've traced arizona's canyons
and touched hawaiian skies –*

*from montreal to toronto
i've slept the thousand isles –
vancouver down to mexico
i've danced on athen's stars –*

*from london streets to manchester
i've walked the oldham dream –
to find i'm still awakening
to worlds yet unseen.*
