

*...may 9, 1993...*

***seize the hour –  
you do not have a name –  
seize the minute –  
drive the clock insane –***

***i am the shadow  
crawling through your brain –  
i am the whisper  
you cannot explain –***

***i am the child  
that was never born –  
i am the parent  
you have never known –***

***reach to skies  
that swell in morning mists –  
forget the phantoms  
you cannot release –***

***i am the miracle  
i am the power –  
i am the moment  
that is yours forever.***
