

A photograph of a snowy winter scene. The foreground is filled with snow-covered evergreen bushes. In the background, there are bare trees with snow on their branches. A path leads through the trees, and a person is walking in the distance. The overall atmosphere is quiet and serene.

...december 5, 2008...

**inside a winter cul-de-sac  
beneath a slivered moon  
hazy shadows guide me  
into the late of soon –  
i meet myself returning  
from another avenue  
and we pass each other warily  
pretending not to know  
that somewhere we had separated –**

**i think it was last spring –  
a night i raged into black stars  
hating everything –  
now i walk towards a home  
of azure fairy lights  
while a someone else i am  
wanders somewhere else -  
and – inside this hidden dream  
we meet to share events  
till i wake – half remembering  
a winter cul-de-sac.**
