

*...june 26, 2011...*

*today i found a dragonfly  
pivoting the air  
with acrobatic whirlwinds  
in wings of gossamer –*

*body gold and chocolate brown –  
it hovered by my eye  
to vanish in a vortex  
of invisibility –*

*then – a moment later –  
it paused a gravel path  
as if daring me to join  
in its unearthly dance.*
