

...december 28, 2012...

ever not the more of some
but there was once a maybe more
that was not really ever here
when no one saw the open door –

perhaps there is a something more
that no one knows and no one cares
in a there that wasn't there
before the slamming of the door –

we are left with something less
than that which once was something more
because we turned our eyes away
and never saw the open door.
