

*...april 27, 2014...*

***yesterday i thanked the rain  
for raining just at night  
and today i did the same  
watching the sun ignite –***

***yesterday i thanked the daisies  
sprinkling the lawn –  
and today a hundred more  
blinked their welcoming –***

***yesterday i thanked birds  
for singing through the trees  
and today their orchestra  
awakened me from dreams.***
