

...february 19, 2017...

**did you catch me balancing  
a branch i could not hold?  
such a brief stability  
until i disappeared –**

**do not pretend to know me  
or even understand –  
i'm just a reflection  
inside your mirror mind –**

**did you really see me?  
do you really care?  
if no one else is questioning  
was i really there?**
