

...july 28, 2017...

i am she said - i am
the now that is in knowing
the non that hides in nonsense
the yes of yesteryears -

i am she said - i am
the all that is between
the stars of eons past
that shine into forever -

i am she said - i am -
tomorrows never here
the ever in forever
the get inside forgetting

remembering i am.
