

...june 14, 2019...

**as i create  
so i become  
every moment  
redefined**

**in coffee stops  
and window seats  
of people guarded  
privacies –**

**in stroller sidewalks  
bussing streets  
and boulevards  
of bird-topped trees –**

**every view  
uniquely me –  
a virtual  
reality.**
