

A photograph of a snowy winter scene. In the foreground, a large, snow-covered tree trunk is prominent. Behind it, several cars are parked, their surfaces covered in a thick layer of snow. Bare trees with snow-laden branches are visible in the background, and a building can be seen through the trees. The overall atmosphere is quiet and serene.

...january 18, 2019...

**the snow is snowing sparrows
chirping holly trees –
blanketing all sidewalks
and cars and streets and lawns –**

**a snowflake metamorphosis
disguising passers-by
into the swelling breathlessness
of an unending dawn –**

**a mystic transformation
of sky and air and ground
with white-on-white reshaping
each eternal now.**
