**have we all been brainwashed
into tell-lie-vision's world
watching until eyes grow square
and thoughts are not our own?**

**like foolish victims primed to fear
we mask and genuflect
honoring stupidity –
forgetting how to think-**

**pretending life is outside in
instead of inside out
where medias that drone of death
are all we care about –**

**we ignore the flowers and trees
to swallow telly-lies –
bowing down to psychopaths
pretending they are god –**

**have we been so brain-washed
with tell-lie-vision's world –
we are no longer capable
of living our own lives?**

**yet turning evil backwards –
we can still choose to live
by turning off the media
and believing in ourselves.**
