**today we dance for freedom
and drop the brainwashing
of doctors trained in poisons
and teachers teaching lies –**

**today we dance for freedom
from brainwashing regimes
freedom from the pettiness
withers and defiles –**

**today we dance for freedom
honouring the trees –
honouring the sacredness
of mountains, plains and streams –**

**today we dance for freedom
with birds and flowers and bees
with cats and dogs and fish and frogs
in camaraderie –**

**today we dance for freedom –
we are creator-source –
we are the power of our dreams
with earth – our paradise.**
