

...march 29, 2022...

***i stretch into
a vast unknown space
spiralling between
a million-billion stars –***

***no words – no thoughts –
letting each
omnipresent breath
create out of itself –***

***i am a zillion-trillion i's
linking dream to dream
creating worlds of
dimensionality –***

***like atoms in a
gestalt consciousness
we spin passageways
toward divinity.***
